Class History

Four years ago, we came to these mighty halls of learning to grasp and retain every practical bit of knowledge that might be imparted to us or placed within our reach. We came with all the happiness and gayety of a young crowd eager to sow the seeds of a harvest which we might reap in the near future — a harvest of aspirations, achievements, and attainments that reach to the highest shining pinnacle under the glorious sun. And in the sweet consciousness of pressing forward to higher ideals and pursuits of a noble kind, our happy years have passed by like a fleeting summer cloud.

JUNIOR CLASS

President ----- ELI DESSLOCH

Vice President ----- BERNEITA BRIGGS

Secretary & Treasurer ----- EVELYN PHILLIPPI

With the exception of a few members who dropped out and a few new members who entered our class, the Junior Class of this year is the Sophomore Class of last year.

We started the year with the real old Class spirit of the past years, which is shown in our records in scholarship.

Most of our members, however, are interested in athletics, as is evidenced by the Inter-Class tournament. Four of our boys and two of our girls played on the team of this season.

As followers of the purple and gold we wish to obtain diplomas next year. Our Utopia—next year's graduation eve.

Now as we are nearing the time of graduation, the memories of the passing years becomes imbedded in our minds at the most delightful, helpful, instructive, and appreciative events of our lives.

In all probability, our class will become separated in the years before us, but let us keep warm in our hearts the spirit and love of our old school, realizing that our associations and inspirations will be great stepping stones to success in the years to come.

*This pessimistic prognostication is
the result of a years association, during
which my biological interest in you
never ceased. I'll admit you have
some redeeming qualities. etc.*

A School Tribute

After four long years of High School
A student surely finds
That just to keep the golden rules
Strengthens all our minds.

Let us give three cheers for our principal
Three cheers for Mr. Bender!
Who for so many years has guided all
And of all ills has been a mender.

Let us give three cheers for Mr. Muenchow,
Three cheers for our Athletic Coach,
Who has led us in all our victories,
Through the hardships we approached.

Three cheers to Mr. Olson,
With knowledge he is blest
In class he asks the questions
And we must do the rest.

Let us give three cheers for Miss Lawrie
Three cheers for our shining star,
Who teaches us in English,
How happy we all are .

Let us give three cheers for Miss Rammer,
Three cheers for our athletic guide,
Who has the library and English,
And perhaps more besides.

Let us give three cheers for Miss Costello
Three cheers for our good friend,
Who teaches typing every day,
And will guide us to the end.

Three cheers for the COLBY HIGH SCHOOL
The school which we attend,
Which sticks to all the GOLDEN RULES?
And gives us joy to the end.

Sophomore Class History

Colby High School enrolled the largest class in its history September, 1923, numbering about fifty-nine pupils. Being so large that it was impossible to have the recitations together it was divided into two sections. The teachers kept all the students on the verge of quarreling and debating which was the better of the two. We tried not to take after our name for we studied and studied trying to exceed our betters.

Although it frightened us for a few days to think of the hazing we were to receive and heard so much of it gradually discontinued and we were relieved of quite a burden.

The annual receptions were given during the fore part of the year. We were represented in a number of school activities including the declamatory contest in which we won a high honor.

Fourteen of our classmates discontinued school after their freshman year. We entered the Sophomore class with about forty members. We now know how much pleasure there is in watching the mistakes of the "Freshies" and understand why they are the center of attraction the fore part of every year. All that we can say now is that we've increased our vocabularies, although we do not show it.

From A Freshman's Diary

School started today, September 1st. About forty Freshmen enrolled and this class should accomplish big things in the next few years.
On the third of October, we met immediately after school and elected the following officers:

President	JOHN HETTS
Vice President	HERMAN ZILLMAN
Secretary and Treasurer	LEWIS CHRISTIANSEN
Reporter	VIRGINIA DURLAND

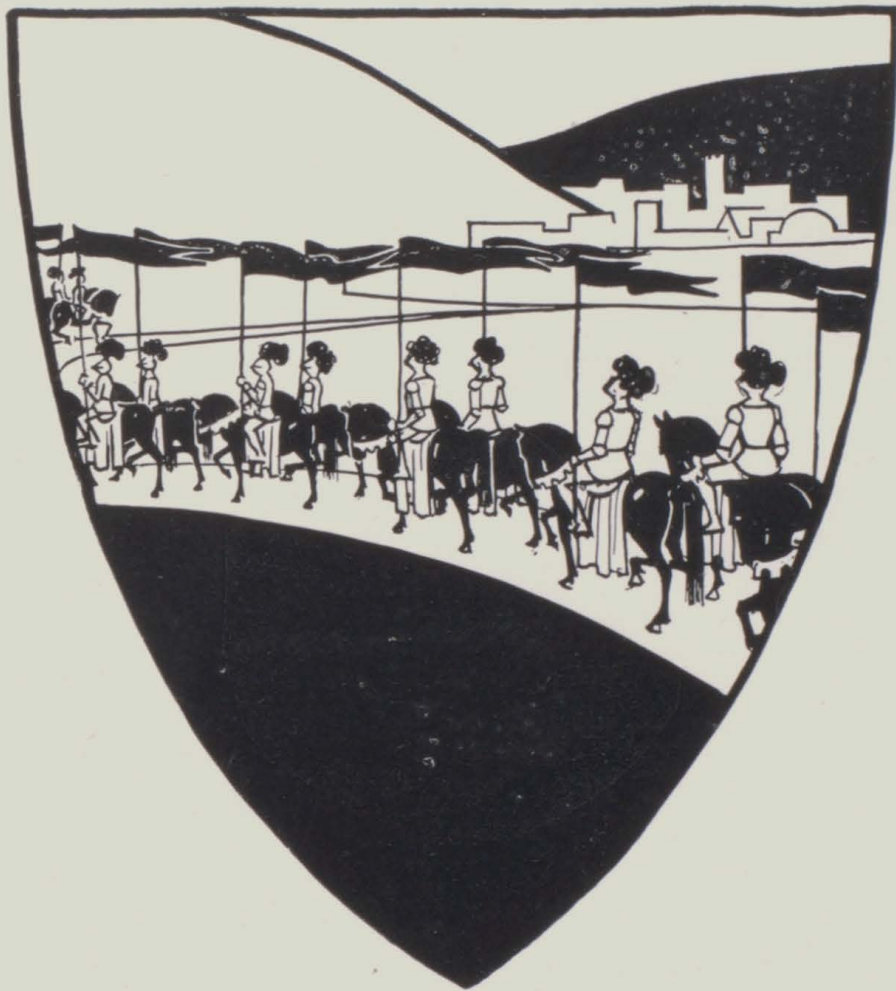

Having laid down our history in prose we shall proceed to tell about it in poetry:

There have been other classes,
It may be,
Made up of lads and lasses
Of degree,
Which make a strong contention,
That they deserve some mention,
But it meets with strong dissension
Here from "We."

No one of them is fit for naming here;
They needn't think they're It, for
They are queer
We're the only class that ever
Welded bonds that cannot sever,
Certain to endure forever
And a year.

We're the finest and the brightest
That there are;
The loveliest and the rightest
Near or far;
We all are brave and witty,
Good looking, if not pretty;
We're the brightest in the city,
Each a star.

COMMERCIAL CLUB

OFFICERS

ADELL WEIX ----- President
FRANCES WILL ----- Vice President
LaVERNE TESMER ----- Secretary and Treasurer
ROBERT COOK ----- Sergeant-at-Arms

The object of the Commercial Club is: (1) To promote interest in the business world. (2) To encourage a social spirit among commercial students. (3) To become acquainted with modern, progressive business methods and systems. (4) To discover and serve the needs of the community.

Any person carrying two or more commercial studies may become a member. Any member of the faculty teaching commercial studies or any commercial course graduate may be an honorary member. Any member receiving more than one failure in a semester is automatically dropped.

Regular business meetings are held once a month. Special meetings may be called by the president. The meetings usually consist of a short business session and program. The club plans to buy some new equipment for the commercial department or to pay the expenses of representatives who attend the commercial contest held at Wisconsin Rapids.

This is the first year a club of this kind has been organized in the Colby High School. We trust that the future classes may profit by the good resolutions set forth by the present organization and we hope that they will progress with the good work which is now started.

OFFICERS:

DORA TESMER	-----	Vice President
EVELYN WETMORE	-----	Secretary and Treasurer
MISS LAWRIE	-----	Director

The Glee Club was organized this year with about twenty-five members under the leadership of Miss Lawrie. At the first meeting the officers were elected. Since then meetings have been held every week on Tuesdays.

The Club sang on several occasions including the Parent-Teachers meeting, Literary Society, and the Christmas program.

The Club has spent most of their time working on an Operatta entitled "The Pirates" to be held sometime in May.

The success of the Club is largely due to the work of our director Miss Lawrie and the accompanist Berneita Briggs.

W O H E L O

This campfire organization consists of about sixteen girls of C. H. S. The aim of the organization is to encourage work, health, and love. They advance good athletics, healthful and educational sports, games and many other activities in keeping with the organization of girls.

The girls may win honor and respect for themselves by doing good and helping in the homework, school work, athletics and other places where they can do a good turn.

Regular meetings are held twice every month. These are held out of doors if the weather permits, as in the spring and fall. Outdoor meetings are usually held in the form of a hike, or a campfire at which time a marsh-mallow roast or something similar is usually enjoyed.

Last summer they enjoyed a camping party at the Chain of Lakes near Waupaca, Wisconsin. They plan, by means of a play or something similar, to raise money for another trip this year.

TOP ROW—Bender, Hudson, Dessloch, Cook Horn, Muenchow.

MIDDLE ROW—Orth, Cendt, Allmann, Guenther, Voelker.

Boy Scouts of America

The Boy Scout troop of Colby was organized in April 1924 — Mr. Bender, Scoutmaster, and Mr. Muenchow, assistant Scoutmaster. At that time there were twelve charter members but the membership has now increased to twenty members.

Meetings are held every Monday night and the Scouts partake in games, contests and a short program. They also take lessons in First Aid, Signaling, etc.

The troop is planning a week's camping trip to some northern lake as soon as school is out. And Mr. Muenchow informs us that they are 'going back to Nature.'

The troop is divided into three patrols namely: Beaver Patrol—Lawrence Allmann Patrol Leader; Owl Patrol—Edsil Hudson, Patrol Leader; and of the Wolf Patrol—Milward George, Patrol Leader.

TOP ROW—Bender, Dessloch, Lamont, Hamilton, Hein, Gries, Cornelius.
 SECOND ROW—Kraemer, Cendt, Krepsky, Roohr, Olsen, Wetmore.
 THIRD ROW—Horn, Eder, George, Hudson, Schelling.
 BOTTOM ROW—Cornelius, Schultz.

THE BAND

We are proud of the fact that Colby High School can boast of a band which was organized in the early part of last term by Prof. Bender. Most of the players were beginners when the band was organized. A concert was given by them May 30th, 1924, which was less than a year after organization. So you see there was a great deal of interest shown in this work. This band has become a credit to the School and community. They furnish entertainment and music for many of the school and community activities, such as Memorial day exercises, Parent-Teachers' meetings, Basket Ball games, etc. Their regular practice night is Tuesday evening and they have managed to have a rehearsal nearly every week since they organized.

DEBATING SOCIETY

QUESTION: Resolve that capital punishment should be abolished throughout the United States.

This year the local league was composed of Colby, Dorchester, and Owen. Due to the fact that Dorchester dropped out the first debate held on Wednesday, February 18, was only a dual debate with the following results:

Colby—Affirmative, 3. Owen—Affirmative, 1.

Owen—Negative, 0. Colby—Negative, 2.

In the next debate Colby entered in a triangle with Wausau and Antigo. The results of this debate were as follows:

Colby—Affirmative, 1. Wausau—Affirmative, 1. Antigo—Affirmative, 1.

Wausau—Negative, 2. Antigo—Negative, 2. Colby—Negative, 2.

This year there was a great interest shown in debate work which is proven by the twenty people that came out to try for the team, and of the twenty who came out the following teams were selected:

Affirmative—Mr. Olson (coach); Eli Desloch (Captain); Edwin Witte, Carl Smith, Malcom Lamont (alternative.)

Negative—Miss Rammer (coach); LaVerne Kleese (captain); Francis Will, Lenhart Mass.

Of the six speakers, there were three Seniors, two Juniors, and one Sophomore. It was the second attempt of the school in debate, and from the beginning the work of our teams aroused a very keen interest. They however did not have the pleasure of meeting together to see which of the teams proved the stronger.

Boys' Basket Ball

Bas' et Ball was not very successful in the Colby High school during the season of 1924-25, From the stand point of games won and lost. With the exception of Lawrence Allmann all the men had played with the teams of previous years.

There was plenty to build a good team from but most of the boys lacked experience enough to make them expert players.

Coach Muenchow drilled the boys on many new plays which no doubt were unequalled by any plays worked up by coaches of the near vicinity. He no doubt in the season to come will put Colby on a basis that will put her among the strongest schools of the state.

Girl's Basket Ball

The girls of the basket ball team began practice for the season during the first weeks of November. Through the efforts of the Coach, Miss Rammer, and faithful practice by the girls the team was ready to play their first game very soon. This game was played with Dorchester where the girls gained their only victory.

The captain, WILLY, showed her regular ability throughout the entire season. GIRLY, as guard, played her usual steady and consistent game as she did in previous years. NORMA worked hard and succeeded in scoring many times. Marjorie and Margaret as centers, and Kathryn as guard played as regulars throughout the whole season. The stick-to-itiveness or determination of the Colby High School girls is what is demonstrated in this 1924-25 season of basketball.

THAT WAS EASY

Prof: "What was ordinarily used as a conductor of electricity?"

Donald Z: "Why--er--"

Prof: Correct. Now tell me, what is the Unit of electric power?"

Donald: "The what, Sir "

Prof: "That will do; very good."

* * * * *

THE EASIER WAY

Miss George, after having caught one of the pupils at telling a fib, asked him "why is it always best to tell the truth? Boy: "Because you don't have to remember what you say."

* * * * *

OR A MOP

Carol Behnke: "Why don't you bob your hair "

"I can't decide on the style," answered Lydia K. "I don't know whether to have it look like a whisk-broom or a feather duster.

* * * * *

Miss Lawrie: And when Lord Chesterfield saw that death was near he gathered all his friends around him. But before he breathed his last he uttered those last immortal words. Who can tell me what the dying words of Lord Chesterfield were? Class: They satisfy!

ELOQUENCE

The difference between ordinary men's talk and an orator's talk was explained by Eugene S. in the following manner: "Well, I'll tell you what an orator is: If you were to walk up to an ordinary person and ask him how much two and two is, he'd say 'four,' but if you were to ask one of us orators what two and two is equal to, he'd say, "When in the course of human events it becomes necessary to take the numerals of the second denomination and add it to the figures two, I say unto you and I say it without fear of successful contradiction, that the result will invariably be four." That's an orator.

* * * * *

ETIQUETTE OF THE HAT.

"When is the proper time for a man to remove his hat?" asked Miss Bruss.

Then came an answer from one of her pupils versed in etiquette: "When mopping the brow; when taking a bath; when eating; when going to bed; when taking up a collection; when having a hair cut; when being shampooed; and when standing on his head."

* * * * *

Frosh: Why are you hurrying with your theme? It isn't class time yet.

Freshier: I know it, but I'm trying to finish it before my pen runs dry.

* * * * *

Costello: What do you think counts most in this world?

Edsil: Well, there's the adding machine.

LITERARY SOCIETY

The Literary Society of the Colby High was organized November 23, 1924, and the following officers were elected:

President ----- ADELL WEIX

Vice Presidentt ----- ELI DESSLOCH

Secretary & Treasurer-----HAROLD NEIHOFF

After the election of officers it was decided that all the students should become members. Following this a program committee was appointed and it was decided that a program be given once a month.

The programs of the year were very well constructed and much credit must be given to the program committee for their splendid work.

We are sure that everyone enjoyed our programs very much if feelings were expressed by applause.

This being the second year since the organization of this society in the Colby High we are very well pleased with the results, and hope that the organization will be able to advance in the future as it did this term. life, and that the benefits from them are well worth the work put into the

We feel that organizations of this kind create a greater interest in working up of programs and other entertainments.

All members responded very readily when called upon to take part in the program, and much of the school talent was shown in this way.

WHAT TEACHERS BELIEVE.

I took the wrong book home.

I didn't understand the assignment.

I left my work at home.

I thought that lesson was for tomorrow.

I didn't have time to study my lesson.

I thought the first period class wasn't going to meet.

I left it up in the Assembly room.

I could not find a subject to write on.

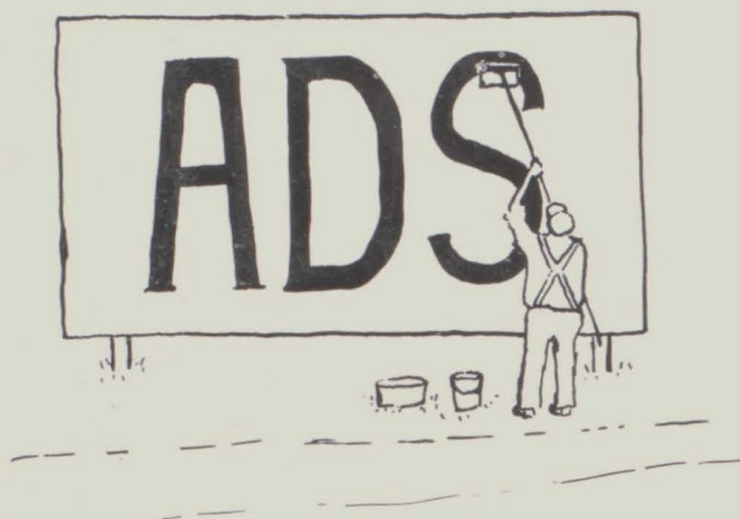

I'm working for a "C" this year.

I couldn't find out what the lesson was.

O' I forgot!

Your Next Step

Your High School days are over. Whether you go to college or to work, your training is incomplete unless it includes familiarity with banking methods. Banks are an essential factor in the conduct of business.

A good way to acquire this familiarity is by visiting often at some progressive bank, where officers and staff welcome the opportunity of showing you about and explaining the workings of the various departments.

Or, better still, open an account. We learn by doing. Your success in handling the affairs of others depends on how well you can handle your own. If you can save, you can succeed. Put your first earnings into a savings account here.

We have helped your fathers and grandfathers to save during the past twenty four years — let us help you too.

Penmanship—A series of exercises which improves one's counting and developes a good arm for baseball.

Physical Education—A combination of torturous application of muscle on the part of the students and brain work on the part of Mr. Muenchow.

Here's My Check--

There's an air of business and responsibility about that remark that makes you feel a little proud. You know that you are at once recognized as a man who transacts his business in a business-like way.

And besides every check is a valid receipt for the bill it has paid and your check stubs become a complete record of your "Income" and "Expense." Can you afford not to pay your bills by check?

Lack of technical skill and lack of time to practice need not deprive you of the pleasure and solace of music.

The Manualo will give you the thrill of actually playing the piano, because it responds to your pedaling (where you instinctively express your musical feelings) as perfectly as a piano responds to the fingering of an artist.

The Manualo is built into the four standard instruments of the House of Baldwin—the Baldwin, the Ellington, the Hamilton and the Howard. One of these instruments will surely suit your purse.

Second period: The awakening.

Third period: Find themselves awake and frantically try to resume slumbers.

Fourth period: Students frantically chew pencils, gum, and fingernails in hope of satisfying hunger.

NOON

Fifth period: Hunger satisfied and sleep once more ensues.

Sixth period: Whispering and social entertainment.

Seventh period: Letter writing period.

Eighth period: Everybody realizes there is just a few minutes to go and they get ready for the grand rush.

* * * *

Costello: Is there anything worse than (being old and bent?)

Eli: Sure, to be young and broke.

Mr. Bender at Opening Exercises:

How many bright and shining faces I see before me this morning.

A sudden application of 13 powder puffs.

* * * *

Rammer: I suppose you have read all of Shakespear's works.

Earl: Yah, unless he has written one during the last year.

* * * *

Construction Superintendent: You big bonehead, you've gotten us into a damage suit. I told you to fire that man—not to hit him with an axe.

Sweedish Foreman: Vell, boss, dose axe she have sign vot say "For Fire Use Only," so I use her. —Washington Co'umns.

**HOW DO YOU
BUY CHICK FEED**

There are three ways to select a chick starter—price, appearance and reputation of the manufacturer plus proof of results. It is not a matter of luck. Price is misleading, looks uncertain but the reputation of the manufacturer is the proper guide.

The Albert Dickinson Company, Manufacturers of Globe Feeds, has a reputation for quality products. 22 years of experience in poultry feeds is back of Globe Chick Starter. This chick starter has been the choice of many thousands year after year.

Globe Chick Starter and Globe Chick Scratch produce a perfect balance; chicks thrive on it. You can't get results like this with ordinary chick feeds.

*That's why we
sell Globe.*
